##### **Leave No Trace Basics**

This course is a general introduction to Leave No Trace ethics and skills. The course is designed to help youth and adults at all program levels understand the Leave No Trace Seven Principles and how to apply them in Scouting America's outdoor program. It is also designed to give adult volunteers the confidence to assess the youth's understanding and skills for purposes of signing off on Scouting America rank requirements and Venturing Outdoor Bronze and Ranger Award requirements.

#### **December 28th - 9:00 AM - 5:00 PM (Pool)**

##### **Aquatics Supervisor Training**

Scouting America Aquatics Supervision training is for leaders and qualified older youth with the practical skills to prevent and respond to emergencies during unit swimming and paddle craft activities. Expands upon the foundational knowledge of the online "Safe Swim Defense" and "Safety Afloat" courses, focusing on hands-on rescue techniques, assessing conditions, and supervising aquatics activities at the unit level. In-person, performance-based training is essential for unit leaders supervising activities at locations without lifeguards or for conducting more advanced paddle craft excursions on moving water.
